5497 WILES ROAD STE 204 / COCONUT CREEK, FL 33073

Florida Line List

High Performance Military/Commercial Antennas, Feeds & Positioners.

Standard/Custom Alkaline and Lithium Battery Solutions.

Hermetic Packages, Hermetic Interconnects & Hermetic Components.

RF/Microwave Components & Integrated Microwave Assemblies.

RF, Analog, Digital & Mixed Signal IC's, Modules, Subsystems & Instrumentation.

WIRELESS INFRASTRUCTURE

Fiber Optic, Power & Hybrid Solutions for Remote Radio Head Deployment. Feeder Cable, Connectors, Jumpers & Lighting Protection to address the wireless infrastructure industry.

Filters, Combiners, Tower Mounted Amplifiers, Passive Intermodulation (PIM) test solutions, Radio Link Diplexers, Ferrite isolators & circulators for the wireless industry.

Ruggedized Electronic Enclosures. ATR chassis, COTS chassis, portable rugged workstations and SCSI & Fiber Channel storage systems.

High Performance, High Reliability and Secure Solid State Drive (SSD) Solutions.

Fiber Optic Test, Inspection and Cleaning Systems.

High-performance RF/Microwave passive components. High-Q / Low ESR /ESL Capacitors, Non-Magnetic Resistors, and Trimmers.

Substrates, Packaging, Assembly & Test Services for Optoelectronics, RF, Power, Space, Microelectronic & Aerospace/Defense solutions.

QPL & COTS Electromechanical Relays, Solid-State Relays, Space (Hi-Rel) Electromechanical Relays, RF & Microwave Relays & Coax Switches, Industrial Solid-State Relays, & Switching Matrices.

Full service provider of interconnect technologies including multi-layer flexible and rigid-flex printed circuits, assemblies, backplanes, HDI, and VME-FlexTM.

Interconnect products including, woven and conventional cable harnesses, backshells & Connectors to address Fiber, High Speed Microwave and Harnessing Applications.
